EXTERIOR COLOR PRESERVATION PALETTE®

IT WAS A WHOLE NEW OUTLOOK ON LIFE. *The war was over, and Americans were ready to settle down and enjoy the simplicity and prosperity victory had brought. Homes became smaller, more alike and more easily produced. And the brighter, sunnier colors they painted them in reflected a newfound optimism. Whether you're nostalgic for the 50s style, or are refurbishing in exact detail, our Preservation Palette has the colors you need.*

p Optimum color results are achieved using the designated Color-Prime.[®]

Samples approximate the actual paint color.

Some colors limited to select product lines.

THE SMALLER STATURE OF SUBURBAN MODERN HOMES allowed them to be painted in brighter, more unique colors such as Caribbean coral, Burma Jade, Stratford Blue and Harvest Gold, often edged in white trim. These whites had a golden cast due to linseed oil in the formula, until titanium dioxide latex paints began a preference for cooler, bluish whites that intensified surrounding body colors.
